

A rendering of the new shelving design, slated for installation in January 2020

WE'RE RAISING FUNDS TO INVEST IN OUR FUTURE

Since January 2018 our Ongoing Booksale area in the Edmonds Library has raised more than \$40,200 to support programming, equipment upgrades, and staff training.

It is time to upgrade this vital source of funding to:

- Meet ADA guidelines and comply with seismic codes for earthquake safety;
- Match the upgraded library aesthetic from Friends investments in shelving endcaps, computer desks, and other furniture;
- Provide more space, holding over 2,900 books and doubling space for special sale displays;
- Reinforces our long-term commitment to the Ongoing Book Sale and its space in the library.

PLEASE CONSIDER A DONATION

We are currently raising funds for the \$29,000 cost of this important project. Your donations will ensure the Ongoing Booksale area and FEL are important sources of funding for public programming, events, and equipment upgrades at the Edmonds Library.
